

The image shows the interior of a cafe or restaurant. The ceiling is high with exposed white beams and yellow-painted structural elements. Several large, dark blue, dome-shaped pendant lights hang from the ceiling. The walls are white with a teal horizontal stripe and a decorative pattern of small teal and yellow dots. The floor is made of light-colored wood planks. In the foreground, there are several square wooden tables with black metal legs, each surrounded by four chairs with white metal frames and wooden seats. In the background, there is a long teal cushioned booth with wooden tables and yellow chairs. A whiteboard with a yellow border is visible on the wall.

CASE STUDY:

## BISCUIT BELLY

—

We partnered with the Biscuit Belly team to create a full furniture package that ties in their brand's color palette with flexible table and seating options. As they continue to expand, store location footprints vary and the furniture needed to be adaptable to different layouts.

They chose to use our Quincy banquette, Dalton dining chairs, and X-Base dining tables in custom metal finishes to outfit their space. The result is bright, cheerful restaurant with lots of personality.

## SEATING

Biscuit Belly uses unique powder coats to match seating like the Dalton chair and Warren chair to their brand colors. The Quincy banquette features a vertical channeled back cushion in a bright turquoise vinyl fabric that brings life to their interior spaces.

## TABLES

Our X-Base and T-Base tables have been a longtime favorite for many of our clients. Their simple design allows for great versatility and they blend in with many design styles.

# MATERIALS & FINISHES

## WOOD

Our products are crafted from American White Oak, American Black Walnut, and American Hard Maple. These quintessential hardwoods are considered among the most durable. They are finished with a durable, UV-resistant, matte top coat. Our region is net positive in tree harvesting and we take care in our sourcing to see that nothing goes to waste. As part of our commitment to sustainability, we initiated our “Tree for Every Top” program in 2021. For every tabletop we sell, we plant a sapling in our community as an investment in the environment.
